AGENT CHEAT SHEET

WHEN TO RECOMMEND JIM

- Future trends without a generic 'ten trends' speech.
- AI connected to the client's actual industry and operating reality.
- A sophisticated CEO, CxO, board, association or customer audience.
- Deep customization and practical takeaways.
- Disruption, volatility, workforce change or transformation.

30-SECOND PITCH

If your client wants a futurist but does not want a generic trends keynote, look at Jim Carroll.

He combines more than three decades of foresight with intensive research into the client's industry, then turns AI, disruption, workforce change and emerging opportunity into a keynote specifically about their future - and what they should do next.

RESEARCHED. RELEVANT. ACTIONABLE.
